

Our Outreach Services started as a grassroots support to the Jewish community and grew to offer support to people of all backgrounds.

The goal of the JFS Outreach Services is to support Edmonton community members with their social well-being and equitable access to resources. We do it through a range of tailored programs at no cost.

Our approach is strength-based, inclusive, and based on Jewish values:

**Hachnasat

OUTREACH SERVICES

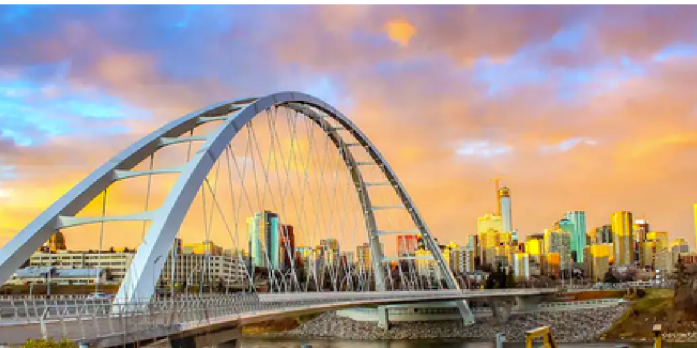

JFS is committed to the
Jewish value of Tikun Olam
((Heal the World
תיקון עולם))

COMMUNITY SUPPORT PROGRAM

Our Community Support Program provides case management services including an intake and assessment to assist clients with navigating community and government supports.

We support individuals facing complex situations and help with navigating available social services and addressing current challenges like employment and language barriers. We are experienced in assisting Jewish and non-Jewish newcomers settling in Edmonton.

2SLGBTQ+ SUPPORT GROUP

Our queer support group is open to all individuals, Jewish or non-Jewish, who are 18+ and identify as 2SLGBTQ+ within Alberta. Please join us for conversation, guest speakers, activities, and more!

FRIENDLY ENGLISH CLASSES

Our English conversation classes are for people with beginner, intermediate, and advanced levels of English. We focus on building relationships and having fun while practicing Canadian English, conversation, and culture. Our classes are free and take place over Zoom and in-person at the Edmonton Public Library.

JEWISH COMMUNITY OUTREACH

We assist community members with friendly calls, referrals, systems navigation, advocacy, and Jewish cultural support that include hosting community events and delivering holiday baskets.
